We also rent top-of-the-line jackets and pants
for men, women, and children from
The North Face and Columbia.

Ski and snowboard rentals delivered to you!

Why wait in line at a ski rental shop somewhere in town?

We deliver...

right to your hotel or condo - and custom fit your gear at
no extra cost. And if you have any equipment issues on
the mountain, we meet you at any base area to fix
or exchange things on the spot!

We pick-up...

everything at your lodge or condo. And you head home
without feeling like a Sherpa at the end of a trek.

FILL OUT THE FORM ON THE INSIDE ▶

Tell us the equipment you want, your sizes, your skill level, and when and where you're staying.

We'll schedule a convenient time for a customized fitting - in the privacy and comfort of your mountain hideaway. And because our vans are loaded with the latest gear from top manufacturers, we won't leave until you're happy.

Plus, you get the best ski and snowboard equipment at competitive prices. And you can ski until you're practically ready to head home. For us to give you the best service, please complete all the information as accurately as possible.

Please **Fax this form to 970.949.1791** or make your reservation online at www.vailskidelivery.com. We will call you to confirm your rental fitting.

Ski Packages

1. JUNIOR: up to 90 lbs.
2. SPORT: Forgiving ski, perfect for first-time skiers.
3. PERFORMANCE: Intermediate to advanced skier who is looking to perfect their skills. Turns easily on all terrain.
4. DEMO: The best equipment from the top manufacturers, caters to all ability levels and provides superior performance.

Snowboard Packages

1. JUNIOR: Boards designed for the lighter riders up to 135cm.
2. SPORT: Boards designed for the adult riders 140cm and up.
3. DEMO: With the latest technology in boards, boots and binding, this package is perfect for any rider who wants to take it up a notch.

Skier Type (to determine binding settings)

1. Skis conservatively at slower speeds, just looking to have fun.
2. Skis moderately at average speed, skis the entire mountain including black diamond trails.
3. Skis hard and fast, wants higher than average release and retention settings.
