

These days, everyone wants TV everywhere.

ONE CALL
gets you...

ONE DISH
that lets
you offer...

TV FOR EVERYONE
in your building

One small satellite dish - using just 6 square feet of your rooftop - and a single backbone in your riser will support an unlimited number of TVs.

Make just one phone call, and your tenants have access to over 250 crystal-clear 100% digital channels - including HD channels - from DIRECTV. It's that easy! And installation is free for qualified buildings. Just like that, everyone in your building can enjoy the best television programming from America's #1 satellite TV provider.
