Where dreams take flight.

One word describes Trilogy at The Vineyards:

Yum!

Trilogy at The Vineyards offers a gourmet life to savor.

Rise each morning at the foot of Mt. Diablo, and awaken parts of your soul that were dormant for years.

Trilogy at The Vineyards is sure to satisfy your cravings for unique ingredients to a new life. Explore the artist within. Learn to prepare culinary delights. Stretch yourself — physically and mentally — in ways you've always yearned to.

Of course, you'll also find offerings you'd expect to be served at a high-end master planned community. A Ted Robinson golf course with easy access and special privileges. The thread to weave a remarkable social life. A neighborhood inspired by Mediterranean architecture.

And it's all surrounded by 3,500 acres of vineyards and olive groves — just an hour from San Francisco.

Mix one part urban sophistication with one part natural beauty. Then sit back and relish your setting.

Each home at Trilogy at The Vineyards is appointed with quality touches you'd expect — and deserve. Expansive rooms for entertaining. A quiet den for contemplation. A patio that brings nature to you. A kitchen for the most particular chef.

You can even add a wine tasting room to share your finest vintages. Or a place to park your own golf cart.

There couldn't be better time to make your move.

How often in your life have you gone against conventional wisdom, and it turned out to be just the right move?

Despite media reports about the real estate market, now is a great time to buy at Trilogy at The Vineyards.

Historically, homes in new communities in any given market — including Trilogy homes — have appreciated at a higher rate as a percentage of value during initial home sales and continued appreciating the first five years after a community closed out. So it makes good sense to take act now — and make your dreams a reality.

Plus, Trilogy at the Vineyards offers HomeSold, a special program that makes selling your existing house easier — and even puts thousands of dollars in your pocket with a rebate from the real estate commission you pay to sell your house.
